A Very Different Legal Experience

The law is a specialized business today-- landlord-tenant, matrimonial, criminal, small claims, appellate, civil, state and federal lawyers. Ms. Myatt's experience and résumé allows her to cover all of that—closings, landlord-tenant, civil, supreme, criminal, family, small claims.

Our office learned that law is a partnership between us and you. You will participate in the total process--from the Summons and Complaint, deposition preparations, trial preparations and especially settlement.

Law is not an isolated personal experience. Ms. Myatt allows it to be an educational experience--an experience in the processes of law, in terms of what you can do in terms of preventative law. Once you become a client you become part of a community, you will be given legal newsletters and other informational tips that would be beneficial to you and your family that you would need to know.

You just don't become a client of MyattLegal because of an accident or tragedy; whether you are a referral, come to a seminar or program, these and other programs will be made available to you.
